#### FLEXIBLE SCHEDULING

- Flexible scheduling may be applied in Weeks 5-10. During that period, flexible scheduling can be used in no more than two weeks by shifting a Sunday afternoon game into primetime and moving the Sunday night game to an afternoon start time.
- Also, a select number of games are being "cross-flexed," moving between CBS and FOX to bring potentially under-distributed games to wider audiences.
- "Flexible scheduling" will be used in Weeks 11-17 as it has been in recent years. In Weeks 11-16, the schedule lists the games tentatively set for Sunday Night Football on NBC. Only Sunday afternoon games are eligible to be moved to Sunday night, in which case the tentatively scheduled Sunday night game would be moved to an afternoon start time. Flexible scheduling will not be applied to games airing on Thursday, Saturday or Monday nights. A flexible scheduling move would be announced at least 12 days before the game. For Week 17, the Sunday night game will be announced no later than six days prior to January 3. The schedule does not list a Sunday night game in Week 17, but an afternoon game with playoff implications will be moved to that time slot. Flexible scheduling ensures quality matchups in all Sunday time slots in those weeks and gives "surprise" teams a chance to play their way into primetime.

## Houston Texans 2015 NFL Draft Guide

### 2015 COMPENSATORY CHOICES AWARDED

A total of 32 compensatory choices in the 2015 NFL Draft have been awarded to 14 teams.

Under the rules for compensatory draft selections, a team losing more or better compensatory free agents than it acquires in the previous year is eligible to receive compensatory draft picks.

The number of picks a team receives equals the net loss of compensatory free agents up to a maximum of four. The 32 compensatory choices announced will supplement the 224 choices in the seven rounds of the 2015 NFL Draft held on April 30-May 2 in Chicago.

The first round will begin on Thursday, April 30. The second and third rounds are set for Friday, May 1 followed by rounds 4-7 on Saturday, May 2.

This year, the compensatory picks will be positioned within the third through seventh rounds based on the value of the compensatory free agents lost.

Compensatory free agents are determined by a formula based on salary, playing time and postseason honors. The formula was developed by the NFL Management Council. Not every free agent lost or signed by a club is covered by this formula.

The NFL Collective Bargaining Agreement limits the number of compensatory picks to the number of clubs then in the league (32). This year, three clubs – Pittsburgh, Baltimore and Green Bay – qualified for compensatory picks under the net loss formula but will not receive those picks because they ranked 33rd, 34th and 35th, respectively, among all compensatory picks. All three clubs will receive picks for other compensatory free agents lost who ranked within the top 32 compensatory picks.

### HOME GROWN

The state of Texas arguably has the greatest football passion and pedigree in the country, whether it be at the youth, high school, college or pro level. So it should be no surprise that the Houston Texans have drafted 16 players overall and at least one player in all but the 2013 and 2014 drafts that either went to college or high school, or has some connection to Texas.

Below is a look at what players the Houston Texans have drafted who are either from Texas or went to college in Texas.
